Hi Jill,

Thank you for notifying me that you have a conflict with the April 8 review request date. If your comments are received during a period that they can easily be incorporated into the revised Candidate Technology Memo, I will do so. If not, I will forward your comments for incorporation into the FS. However, if possible, please let me know if NJDEP has any significant issues now that may need to be addressed in the revised document.

Also, I have forwarded your request for three hard copies to the PRP. The copies should be mailed directly to your attention.

Regards,
Tanya

Hi Tanya. I'd like to request a 30 day turn around for providing you with comments on this. Of course, if I can get them to you sooner than that, I certainly will. Also, can you provide me with three hard copies of these (and future) submittals? The maps and larger tables in email format are especially problematic as we have limited capabilities here to copy them in full size. Thanks in advance. - Jill
